KING ARRIVES HERE TO SPEAK TO-NIGHT

TROTZKY IS REPORTED TO BE ASKING GERMAN AID IN HIS NEW FIGHT IN SOVIET RUSSIA

Bucharest Newspapers Publish Sensational Reports About Struggle in Land of Soviets; People Urged to Rebel Against the "Atrocities of Rykoff and Stalin"

Bucharest, Aug. 12.—Sensational reports concerning the situation in Soviet Russia are again printed by the Bucharest newspapers.

Leon Trotsky, deposed War Minister, is said to have "asked for German military aid," and the "Soviet opposition press is pictured as calling on the people to rebel against the atrocities of Rykoff and Stalin."

The newspapers assert a new anti-Bolshevik secret organization called the "Black Star" was responsible for the recently-reported insurrection in Russia.

Reports of trouble in Soviet Russia have been given official denial in Moscow.

1,000-ACRE FOREST FIRE IS CHECKED

Crews Believe Outbreak North of Port Haney, B.C., Now Under Control

New Westminster, Aug. 12.—Melting of a metal portion of a donkey engine and burning of the wooden shed beneath another has been practically the only damage to logging equipment in the forest fire burning north of Port Haney, twenty-five miles east of here, according to reports received to-day by Edward Wainwright, Government timber-agent here.

Some felled timber, but no standing timber of value, has been destroyed as the flames have been confined to an area 1,000 acres in extent, which had already been logged off. The blaze is believed to be under control.

Earlier reports were to the effect that more serious damage had been done.

MAN IS ACCUSED OF FOUR MURDERS

California Police Try to Bring P. H. Brown to Trial; Victims Were Women

San Francisco, Aug. 12.—With one identification already against him, police to-day directed their efforts toward establishing conclusively that Philip H. Brown, now in custody of Santa Barbara authorities, is the "dark stranger" who murdered four women in three California cities.

The one identification of Brown was made at San Fernando, Los Angeles County, last night by William J. Francy, a roundhouse fireman, who declared positively the prisoner was the man he saw struggling with Mrs. Ollie B. Russell in Santa Barbara June 24, shortly before the woman was found dead.

Francy told officers that although he had seen the struggle he did not realize at the time a murder was taking place. He said he had obtained a good view of the man and could not be mistaken in his identification of Brown.

To-day Brown was due in Santa Barbara to face additional questioning and other witnesses.

BORAH URGES U.S. TO COLLECT ALL WAR DEBTS

Nampa, Idaho, Aug. 12.—Predicting the next fifty years would mark the most severe economic war history has ever recorded, Senator William H. Borah, chairman of the foreign affairs committee of the United States Senate, in an address here yesterday declared that in view of this impending struggle, there was no just reason for the United States to give up war debt collection.

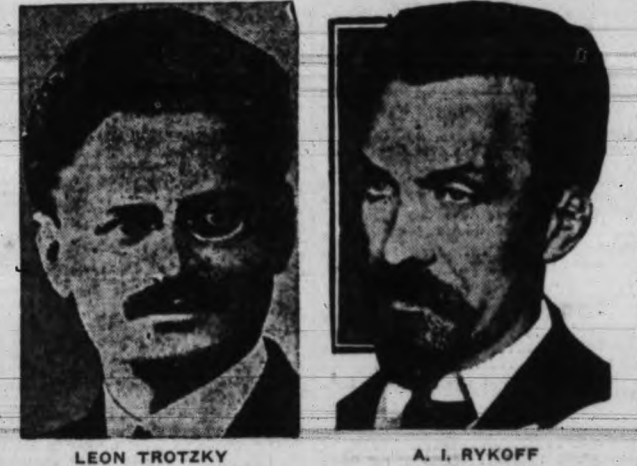

The senator said the generosity of the United States toward foreign governments during the Great War had "no parallel" and added that the attitude of debtor nations would cause the Senate to reverse its decision and reject the World Court participation plan if it were voted on to-day.

Paris Merchants Must Display All Prices of Food

Paris, Aug. 12.—All foodstuffs offered for sale in Paris must be marked with their prices in plain figures and sales over these prices must not take place, under the terms of an ordinance promulgated by the prefect of police to-day.

This step is being taken because merchants raised the prices of all foodstuffs with the fall of the franc, but neglected to cut their prices when the franc regained some of the ground it had lost recently.

SCHOOL REPORTS B.C. INDIANS CAUGHT THREE ELEPHANTS

Three Escaped Animals of Circus Are Still at Large South of Cranbrook

Cranbrook, Aug. 12.—Unable to continue his flight from Wichita, Kansas, owing to the fact that repairs to the aeroplane in which he had flown as far as Denver, Colorado, were necessary, "Cheerful" Gardner, elephant trainer, was said to be traveling here by train to-day to attempt to round up two of five escaped circus elephants which are roaming the countryside between Cranbrook and the United States boundary, seventy-five miles away.

The visibility had been fairly good for the past forty-eight hours, smoke clouds from forest fires having cleared away as a result of rain, but the elephants, which are roaming the miles of dense thickets and thickly forested slopes on which they have sought refuge.

Members of the pursuing posse report the lost elephants are traveling through the forest and over the hills west and southwest of the city. Tourists traveling the roads of East Kootenay are panicky as a result of the elephants being at large. The local tourist information bureau is besieged with inquiries relative to the location of the runaways. There has been a decided dropping off in tourist traffic as a natural consequence.

The Indians of the district have taken a particular joy in the hunt, more than half the witnesses summoned were not on hand, the police reporting either the area in which unknown or that they had left the country.

Gold Lake, Alta., Aug. 12.—(By Courier and Telephone)—Justice A. H. Clarke of the Alberta Supreme Court yesterday began his judicial inquiry into the polling in the constituency of Athabasca in the Federal general election last October, when C. W. Cross, Liberal, was elected by a large majority over D. F. Keiser of the United Farmers of Alberta, and C. H. Gaurau, Conservative. The first sitting was held here yesterday afternoon and while some sensational evidence was presented, more than half the witnesses summoned were not on hand, the police reporting either the area in which unknown or that they had left the country.

The trial of the issue, one by the city to restrain Mr. Bell from acting in any capacity in the matter, will take place not later than September 15, decided the court.

H. A. Maclean, K.C., appeared with H. Stangle, city solicitor, as counsel for the city. W. J. Taylor, K.C., assisted by R. C. Lowe appeared for Mr. Bell.

Mr. Maclean expressed surprise that Mr. Taylor, who up to this time has been acting as counsel for the Westholme Lumber Company, should appear directly for the neutral engineer. Mr. Lowe explained that as solicitor for Mr. Bell he had retained Mr. Taylor as counsel.

In granting the city an interim injunction Mr. Justice Macdonald explained carefully that he desired to be recorded as disassociated with any expression of opinion on the merits of the case, other than allowing a temporary stay as a matter of convenience to the city.

At the Conservative picnic yesterday Hon. S. F. Tolmie dodged the war-time election policy of his leader and disappointed many of his followers who wanted to know just what that policy meant.

Following nation-wide discussion of Mr. Meighen's demand for an election before Canada enters an Empire war, Conservatives and Liberals here had expected Dr. Tolmie to go into this question, but not a whisper on this subject came from the Minister of Agriculture.

Customs scandals, bargaining with the Progressives and election prospects were discussed at length, but on Mr. Meighen's famous Hamilton speech and his scheme for war-time elections the doctor was as silent as the grave. He sought to overcome this omission, however, by concentrating on the warning that Liberals are traitors who would lead this country into the arms of a hungry United States.

Conservatives who wanted to hear Dr. Tolmie answer Liberal attacks on Mr. Meighen's proposal that this country have an election on the question of entering an Empire war were keenly disappointed. One Party worker was heard to remark as the speeches commenced:

"Wonder what the doctor will say about Meighen's Hamilton speech!"

"Not a word," replied a veteran politician. "The doctor's too slick for that. Why, that stuff is dynamite out here and he knows it."

This prediction proved correct, as Dr. Tolmie's only reference to the British connection and the problems of the Empire was the charge that the Liberal Party is backed by all the secessionists and annexationists in the country.

INJUNCTION IS GRANTED IN DISPUTE

Courts Stay Hand of W. W. Bell, by Interim Injunction, in Favor of City

Trial of City's Action Against Neutral Engineer to Come on Before September 15

After a spirited clash by counsel in Supreme Court Chambers this morning Mr. Justice W. A. Macdonald granted the City of Victoria an interim injunction staying the hand of Peter Warren Wentworth Bell, independent engineer in the Sooke waterworks contract dispute, from proceeding to a reopening of the accounting given in the case.

His Lordship allowed the corporation eight days in which to file its statement of claim against Mr. Bell, in an action for a declaration that the engineer has now no power to interfere in the dispute which has been three times on a circuit of British Columbia courts and once to the Privy Council.

The trial of the issue, one by the city to restrain Mr. Bell from acting in any capacity in the matter, will take place not later than September 15, decided the court.

LIBERAL LEADER ARRIVES TO ADDRESS MASS MEETING; RT. HON. W. L. MACKENZIE KING

TOLMIE FIGHTS SHY OF WAR TIME ELECTION POLICY AND DISAPPOINTS HIS FOLLOWERS

LIBERAL LEADER CONFIDENT OF ELECTION OUTCOME AFTER TOUR ACROSS WHOLE COUNTRY

"I Scarcely Dared to Hope for Such General Endorsement as I Have Found," He Says as He Prepares to Lay Issues of Campaign Before Electors at Willows Arena; Few Tories Will Slip Into Office Through Three-cornered Fights This Time, Former Premier Asserts

Rt. Hon. W. L. Mackenzie King, Leader of the Liberal Party and former Premier of Canada, arrived here this afternoon from Vancouver after a nation-wide tour, delighted with the assurances of support which his policies are receiving from all parts of the country.

"Considering the record of the Liberal Government, I expected to hear favorable reports from Liberal organizations when I started out on this tour, but I scarcely dared to hope for such general endorsement as I have found," the Liberal chieftain declared as he stepped off the boat here.

Mr. King went almost immediately to the Empress Hotel to rest in preparation for his speech at the big Liberal rally in the Willows Arena to-night. After a strenuous election campaign and daily speeches for several weeks, he was glad to find an opportunity for brief relaxation here at the end of his westward journey.

Hon. J. H. King, Minister of Public Works in the late Liberal Government, accompanied his leader to hear the Liberal leader, whose last address here in the Arriories caused a profound impression. Ample accommodation has been provided for the large gathering, and special street car service will convey those attending from the city and back.

With Mr. King and his colleagues on the platform are Premier Oliver, members of his Cabinet and prominent Liberals from all over the Island. H. H. Shandley, president of the Victoria Liberal Association, will preside.

Preparations for this meeting were completed this morning. It is expected huge crowds will attend to hear the Liberal leader, whose last address here in the Arriories caused a profound impression. BISHOP'S INTERVIEW ISSUE IN MEXICO

Attorney-General to Report on Statement by Head of Catholic Church in Republic

Leader's Views on Church-State Differences Published in New York

Mexico City, Aug. 12.—Minister of the Interior Tejeda has issued a statement during that an interview alleged to have been given to New York newspaper by Rev. Mora y Del Rio, Archbishop of Mexico, violates the clause in the Mexican constitution prohibiting clergymen from criticizing the fundamental laws of Mexico or the Mexican Government.

Therefore, says the statement, the interview "has been handed to the Attorney-General for investigation." This is said to mean that if the Attorney-General finds the charges of Minister Tejeda justified the Government may order the arrest and trial of the archbishop.

CHURCH COMMITTEES Mayor Arturo Saracho of Mexico City has decreed that the committees placed in charge of Roman Catholic churches in the capital may be composed of five Catholics and five municipally-appointed citizens for each church. Hitherto the committees have been municipal appointments.

The decree of the mayor represents the first concession of any kind made to the Roman Catholics since the religious conflict began.

A report of excesses and of execution situation has been made to the archbishop here by Archbishop Leopoldo Ruiz y Flores, of the state of Michoacan. The Ministry of the Interior announces it has no knowledge of such happenings as the archbishop has reported.

ONTARIO ELECTION IN FALL PREDICTED

Toronto Evening Telegram Says November 4 Most Likely Date

Toronto, Aug. 12.—"Voters of Ontario will go to the polls to elect a legislature on October 23 or November 4, with the latter date the odds-on favorite," the Toronto Evening Telegram stated in a news story to-day.

"From a very reliable source it was learned this morning that a provincial election is inevitable provided the Federal election shows Ontario is still strongly Conservative. Possibilities of a reduction in the number of Conservative seats in the next House of Commons will result in by-elections in the local House."

Prevented from going to the country in June, when he so desired, by reason of the turmoil in Federal politics," continued the Telegram.

Premier Ferguson is now ready to take the jump as soon as the smoke has cleared away from the vicinity of Ottawa. Favorable results in Ontario from a Conservative standpoint would be the signal for an immediate general election in Ontario, it is said.

Seven seats are now vacant in the Ontario Legislature. There will probably be two more vacancies shortly as the result of resignations of members who will be candidates for the Federal House.

BODY FOUND NEAR FRASER RIVER MOUTH

Steveston, B.C., Aug. 12.—A body believed to be that of Jesse Nelson of Chilliwack, who is said to have been drowned while he was coming to Steveston to seek employment in a cannery, was found at the mouth of the Fraser River near here yesterday by provincial police.

TRADE BOARD LEADERS DISCUSS QUESTIONS

Annual Meeting of B.C. Association is Held in North Vancouver

North Vancouver, Aug. 12.—Streets and public buildings of North Vancouver, were gay with flags and bunting to-day when the city welcomed the delegates to the annual convention of Associated Boards of Trade of British Columbia.

The two-day convention opened at 11 a.m. when the delegates assembled in the Lonsdale Pavilion for registration and rollcall. Nearly 100 persons are in attendance, representing some thirty boards of trade in all parts of the province.

Druse Tribesmen Kill Armenians

Constantinople, Aug. 12.—A message received here from Aleppo says Druse tribesmen sacked a train between Aleppo and Damascus, killing all of the Armenian passengers, including a former chief of police of the latter city.

FRECKLES

Tells How to Get Rid of These Ugly Spots and Have a Beautiful Complexion

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine from any drug or department store and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove your freckles. (ADVT.)

LIBERALS BACKED BY SEPARATIONISTS NOW CONSERVATIVES WARN

All Annexationists and Secessionists in Country Behind King, Tolmie Asserts Seeks to Explain Party's Stand on Old Age Pensions; Attacks Progressives

Keeping step with the latest development of their party's campaign strategy all over Canada, speakers at the Conservative picnic here yesterday concentrated on the old election story of secession and annexation. Hon. S. F. Tolmie warned the country that the secessionists and those favoring annexation of Canada by the United States are behind the Liberal Party in the present election.

R. H. Pooley, Opposition Leader in the Legislature, declared the Mel-

hen Party is defending the British connection, while under the Liberal Party Canada would cut loose from the British Empire. C. H. Dickie, Conservative candidate in Nanaimo, affirmed that if the Liberal Party sent back to power Canada will be gradually drifting to the south all the time. But all agreed that nothing of this sort will happen, as the Conservative Party will be returned to power on September 14.

OLD AGE PENSIONS

Speaking from a rostrum at the Willows Park to the picnicers in the evening, Dr. Tolmie repeated almost word for word the speech which he made here Monday on his arrival from the East. The only addition to his former talk about the Customs scandal and his charges of Liberal "bargaining" with the Progressives was an effort to explain away Conservative opposition to Old Age Pensions.

The Conservative Party is strongly behind the principle of old age pensions, and demonstrated it by voting unanimously in favor of it, but we objected to the term of the Liberal Government's old age pension bill," the Doctor stated. He explained that the Government's legislation would allow any province to bring into effect the old age pension system.

The Conservatives, he said, feared all provinces would adopt the scheme, and desired that the scheme should be general in its application. "Anyway, we had a feeling that the government was not serious in bringing down its bill," he went on. "We felt they wanted the legislation defeated in the Senate. It is said Conservatives in the Senate did kill it, but the records show that many Liberal Senators voted against it."

Dr. Tolmie accused the Liberal Government of "bargaining" with the Progressives at the expense of the country, and then from hour to hour. Lord Byng, he said, had treated Rt. Hon. W. L. Mackenzie King with the utmost consideration in enabling him to form a government, but the Liberal Premier had sunk to continual trucking and trading with the Farmer Party. He accused Mr. King of refusing to confer with Rt. Hon. Arthur Meighen, Conservative leader, on plans for the passage of necessary legislation after the Liberal Government resigned. Mr. King also had refused the subsequent offers of his support from Acting Premier Sir Henry Dwyer and instead had done everything in his power to obstruct the passage of necessary estimates—the very estimates prepared by the Liberal Government before its resignation.

"He refused with a loud snort," Mr. Tolmie declared. Discussing the Customs investigation of some length, Dr. Tolmie stated that a number of Canadian firms put out of business by the competition of the United States. The Liberal Government had recommended operations since the Conservative Government started to clean up the Customs service. The present investigation into smuggling, he said, would result in the prosecution of all wrong doers, regardless of their party.

SENATE REFORM RIDICULED

The Doctor ridiculed Mr. King's desire to reform the Senate. After going about the country talking of Senate reform, he said, Mr. King had furthered this aim by the appointment of Hon. Jacques Bureau to the Senate.

ITCHING SKIN!

Over 35,000 sufferers from skin afflictions say: Ovelmo—the them-of-itch trouble. Mrs. de Roche, Central Beque, P.E.I., wrote: "I had Eczema since a baby; nothing seemed to stop it until I used Ovelmo which quickly did the work. And from Mrs. Job Sims, Crediton, Ont., came this: "I was troubled with Eczema on my feet. Could not wear a shoe. Using Ovelmo the Eczema left me."

Ovelmo's scientific combination of internal and external treatment stops itching instantly, soothes, heals and clears the skin. Tones the stomach, purifies the blood. Ask your druggist.

Upper Chamber. Under Mr. Bureau, he said, the entire Customs Department had been debauched. Without mentioning the name of the late Hon. George Brown, Minister of Customs, who died a few days ago, Dr. Tolmie attacked his actions in the Moses Asis case. The delay in punishing a convicted smuggler in this case, he said, showed that the Liberal Minister had failed to realize the responsibilities of office.

The Doctor spoke for some time into a discussion of constitutional questions, and from his arguments drew the conclusion that the Conservative Party was "quite regular in every way," even though the House of Commons declared by vote that it was illegal. He also quoted Lord Oxford, British Liberal leader, as declaring that no government without a majority is entitled to dissolution. This, he said, contradicted Mr. King's claims to a dissolution which Lord Byng had refused.

ANNEXATION TALK

Sounding the keynote of his campaign, Dr. Tolmie declared emphatically: "In the newspapers to-day we find a controversy over the constitutional issue. In that controversy you find that lined up behind Mr. King are the secessionists, the annexationists and all the anti-British men of note in Canada. Among them are James Ewart of Ottawa, who would weaken the ties that hold us to the Old Country, and Bourassa, the peacock of the House of Commons, who, if he were put in a room with four mirrors on the wall, would have to be carried out within an hour because he would be exhausted through admiring himself."

In conclusion the Doctor surveyed the political landscape and found it pleasing to Conservative eyes. Mr. Pooley started the secession and annexation talk when he introduced Dr. Tolmie to the crowd. He furnished a copy of the Wall Street Journal, leading United States business publication, in which the Canadian political situation was discussed at length by a writer who had investigated it at first-hand here.

AT PARTING OF WAYS

This article, Mr. Pooley said, quoting it, affirmed that Canada was "at the turning of the ways." Either this country would be a sponsor of the Empire or "gradually cut loose" from it. The Conservative Party was behind the Empire policy, while the Liberal Party was sponsoring the other policy, Mr. Pooley affirmed.

"We are at the crossroads in Canada to-day," said Mr. Dickie. "If the Liberals are allowed to go on, the country will be slowly drifting south all the time. This would be irrevocably so. But Canadians are going to vote for a sponsor of the Empire, and will keep the Canadian boys at home, and assist in making conditions such that they will not have to cross the line to the United States to obtain employment."

Lindley Crease, K.C., president of the Victoria Conservative Association, declared that all Conservatives and their friends to get on the voters' list.

OBITUARY

The body of the late Mrs. Rostina Helen Stephen was laid to rest in the family plot at Ross Bay Cemetery Wednesday afternoon. The funeral left the residence at 1:30 and proceeded to Christ Church Cathedral, where service was conducted at 1:45 by the Rev. H. T. Archibald, assisted by the Ven. Archdeacon Sweet. There was a very large attendance of friends and a profusion of beautiful floral offerings covered the casket and the hearse.

The hymns sung were "Peace, Perfect Peace" and "Abide With Me." The following acted as pallbearers: Captain J. E. Butler, Messrs. H. P. Bishop, J. Sargison, R. Jamison, Stan Wain and Gilbert Fraser. At the graveside service was held by the Rev. Archibald and Archdeacon Sweet.

There passed away early Wednesday morning, at Sidney, B.C., Mrs. Emma J. Crosby, widow of the late Thomas Crosby of Vancouver. She was seventy-seven years of age and was born in Ontario. The body will be forwarded by Hayward's B.C. Funeral Company this afternoon to Vancouver for interment.

Funeral service for the late Mrs. Claire Haddon was conducted Wednesday morning at 10:30 at Hayward's B.C. Funeral Chapel by the Rev. A. J. S. Bastin. Many friends were present and the casket and hearse were covered with floral designs. Messrs. W. A. R. Hadley, C. W. Lonsdale, John Grant, R. Stewart, N. A. Yarrow and G. May. Interment was made at Royal Oak Burial Park.

The funeral of the late Gerald Philip Haddon took place Wednesday morning at 10:30 at Hayward's B.C. Funeral Chapel, where service was conducted by the Rev. A. J. S. Bastin in the presence of a large gathering. The Naval Veterans were represented by Capt. James R.N. and W. H. Hadley. The following acted as pallbearers: Paymaster-Lieutenant J. O. Cossette, Paymaster-Lieutenant H. Kingsley, P. Ford, V.C., P.O. and P. Neal. The body was interred at Royal Oak Burial Park.

The funeral of the late Miss Emily Harbottle took place Wednesday afternoon at 2:15, from Hayward's B.C. Funeral Chapel, where service was conducted by the Rev. F. H. Fatt. Many friends attended and the casket was covered with floral designs. The hymns sung were "Abide With Me" and "Jesus, Lover of My Soul." The following acted as pallbearers: Messrs. William Fringie, Greville K. Jack, H. L. N. Edwards, O. Wake-

man, and J. Wilkinson. Interment was made at Royal Oak Burial Park.

Funeral service was held at the Thomson Funeral Home, 1025 Quadra Street, at 3 o'clock Wednesday afternoon for the late Mrs. Martha Robbins. The Rev. Dr. Joseph McCoy, pastor of Knox Presbyterian Church, gave a very impressive address, during which the hymn sung was "Jesus, Lover of My Soul." During the service, George Reid sang a solo, "No Burdens Yonder," Mr. Lawton Partington presiding at the organ. There was an unusually large attendance of sympathizing friends present, and the floral tributes covered the casket and hearse, hearing testimony to the high esteem in which the late Mrs. Robbins was held by her many friends. Messrs. John Clements, P. Hancock, S. Holman, Percy Flannell, H. H. Macdonald acted as pallbearers. The body was laid to rest in the family plot at Ross Bay Cemetery. The late Mrs. Robbins was a native of Scotland, and had been a resident of this city for the last fifteen years.

The funeral of the late Mrs. Barbara Haddon was held Wednesday afternoon from Christ Church Cathedral, where a large number of friends attended the service, which was conducted by the Rev. H. T. Archibald. The hymns sung were "Lead, Kindly Light" and "One Sweetly Solemn Thought." Many beautiful floral offerings were shown in which the late Mrs. Haddon was held by her many friends. Interment was made at Ross Bay Cemetery, where the casket acted as pallbearers: Messrs. G. Gardner, W. Anderson, L. Gupitli, J. Dickson, J. Lismore and P. Pilcher.

PAYS TRIBUTE TO LATE MINE EXPERT

Death of George Wilkinson Robs Government of Valuable Servant, Says Sloan

"The Provincial Government service suffers a distinct loss, and especially so the Department of Mines, in the passing of George Wilkinson, chief inspector of mines," said Hon. William Sloan, Minister of Mines, this morning, referring to the death of Mr. Wilkinson yesterday.

"I am satisfied there are few men identified with the coal mining industry of this Dominion who could equal the late chief inspector in point of capability and efficiency. Indeed, Mr. Wilkinson, I believe, was in a class by himself, and was so recognized. Thoroughly posted in all phases of the industry and intimately acquainted with the problems facing the industry, he possessed alike the entire confidence and esteem of the operators and of the workers by all of whom his death will be sincerely regretted."

equal the late chief inspector in point of capability and efficiency. Indeed, Mr. Wilkinson, I believe, was in a class by himself, and was so recognized. Thoroughly posted in all phases of the industry and intimately acquainted with the problems facing the industry, he possessed alike the entire confidence and esteem of the operators and of the workers by all of whom his death will be sincerely regretted.

"Throughout his career as an official of the Mines Department, Mr. Wilkinson carried out his duties with the greatest capability. It was his special endeavor, in every way possible, to improve mining conditions from the standpoint of the safety of the underground workers, and this work was most efficiently carried out."

"In a friendship extending over many years, I learned his worth. I deeply regret his death, and my sympathy goes out to his widow and family in their sad loss."

Trading With the Rich

By R. J. DEACHMAN

At every election we are told that we can't trade with the United States because they are very rich and because there are over 110,000,000 Americans and only 10,000,000 Canadians. "Well, wouldn't you have a better chance of becoming rich by trading with the rich than trading with the poor? Wouldn't you rather try to sell one of Meighen's millionaire Cabinet a horse or an automobile than try to sell either to an inmate of a poorhouse?"

If every person in the United States was a millionaire, would you be afraid to do business with the United States on that account? Could 110,000,000 people sell you a gramophone if you didn't want it, or a bottle of hair tonic if your hair was a perfect crop?

If a Conservative honestly believes that there is danger in doing business with the U.S. and we are told there is, at least one hundred times every election, ask him how he accounts for the fact that during the fiscal year ending March 31, 1922—the last year the old tariff was in force—our imports from the United States were \$211,000,000 more than our exports, while in the year ending March 31, 1926, imports were only \$124,000,000 more than exports.

Of course it really doesn't make any difference whether they were higher or lower. We sold America last year over \$485,000,000 worth of goods. We sold them because that was the best market. We imported \$409,000,000 because we could buy these goods to the best advantage in the United States. They did not force us to buy them—there was no compulsion about it. Transactions take place because they are profitable. Nobody except a Conservative at election time is afraid of doing business

SCHOOL REPORTS SHOCK SAANICH BOARD TO ACTION

(Continued from page 1)

The school board was keenly disappointed with the results of the annual examinations for High School entrance from the graded schools. The board will ask the Superintendent of Education for information as to changes in the system of marking, or other possible reasons for the remarkable falling off in results.

"We must find out, there is a storm of criticism coming from the parents, and we must be prepared to explain the general debacle," asserted Trustee Thorpe. As examples of the falling off in results, Cloverdale School shows the following three-year comparison:

Entered	1924	1925	1926
Passed	25	26	28
Per cent.	16	21	27

Tolmie School results were:

Entered	1924	1925	1926
Passed	19	22	23
Per cent.	12	17	12

Tullium School results were better, being:

Entered	1924	1925	1926
Passed	21	21	22
Per cent.	15	16	16

Keating had the best record of all Saanich, with the following:

Entered	1924	1925	1926
Passed	5	6	4
Per cent.	100	85.71	100

Saanichton, however, fell away badly, that record being:

Entered	1924	1925	1926
Passed	4	6	3
Per cent.	100	80	75

Royal Oak School also showed deterioration over the years, being:

Entered	1924	1925	1926
Passed	4	7	10
Per cent.	50	42.85	50

The other schools ranged much below previous years and the trustees debated anxiously as to the advanced state of the seriously "jacking up the principals" and "putting an end to the general slackening."

MAY GET INSPECTOR

The board was informed that for some years Saanich has been obtaining better results than the general provincial average, and the reversal is only a natural upset. This view was not acceptable to the trustees, and a move will be made to obtain the co-operation of Oak Bay and Esquimalt in employment of a municipal inspector.

What takes the hard work out of Washing

That "Kruschen" Feeling!

Show us the man or woman that's never fallen victim to the glamour of the circus, and we'll show you somebody that's never been young. Now the circus is the pulpit of the gospel of physical fitness. You know that feeling of unreasonable envy that grows on you as you watch the performers' breathless feats? Isn't the explanation of it the dreary fact that you're not so fit yourself as you'd like to be—that a sedentary life has lowered your vitality and mapped your energy?

Isn't it time to put an end to this sorry state of affairs? Isn't it high time you enlisted the help of the "little daily dose" of Kruschen Salts?

As much as will lie on a 10-cent piece every morning, tasteless in your first cup of coffee or tea, provides your eliminating organs with

the reminder and the daily aid that nature prescribes; but, in the stuffy indoor inactive life you're forced to lead, fails to supply from your food in the natural way. Each little pinch is a blend in nature's own proportions of nature's six essential mineral salts. Every scrap of the poisonous waste-matter that results in constipation, and all the attendant evils of constipation, is gently but surely driven out of your inside. Clear, refreshed blood is sent coursing gloriously through your every vein, to set you tingling from top to toe with "that Kruschen feeling!"

Buy a bottle of Kruschen Salts now—and start the "little daily dose" at once. You'll grow steadily fitter every day, and your spirits will reflect the change. It's the little daily dose that does it!

Tasteless in Coffee or Tea

Put as much in your breakfast cup as will lie on a 10-cent piece. It's the little daily dose that does it.

Good Health for Half a Cent a Day

The dose of a dinner taken every morning is found in practice just the right amount of a most invigorating daily tonic. The medicinal dose for persons suffering from pains of rheumatism, gout, lumbago or sciatica, or habitual constipation, with inactive liver, etc., is half to one teaspoon.

Hon. C. A. Dunning, Addressing Ontario Audience, Points to Robb Budget Gains

Stratford, Ont., Aug. 12 (Canadian Press)—There was a large gathering in the town of Mitchell yesterday afternoon to hear Hon. Charles A. Dunning, who was Minister of Railways and Canals in the King administration, and who spoke in the interest of Fred G. Sanderson, Liberal candidate in the constituency of South Perth.

Michael Hagarty, president of the South Perth Liberal Association, presided, and gave a brief address, as did also the candidate, Mr. Sanderson.

Mr. Dunning said the people of the West knew the people of the East better than the people of the East knew the West, and gave as the reason the fact that so many real-estate agents of the West were natives of Ontario.

Mr. Dunning spoke of the customs inquiry, and praised the work of the late Hon. George H. Bolvin.

TAX REDUCTIONS He dealt at some length with the Robb budget and declared it was the best the country had had since Confederation, particularly in the benefits which had been given to the men of modest means.

He gave a somewhat detailed statement regarding the Tariff Board plan and declared such a board was merely to secure information, so Parliament might have some definite basis on which to judge changes in tariffs.

Speaking on the constitutional issue, he charged that heads of the Conservative Party had misinformed the Governor-General. He pointed to the fact that in Parliament the Meighen Government had lasted but sixty-five hours and argued that this was proof that Right Hon. Mackenzie King was right in saying dissolution of the House and an appeal to the electorate was the only solution of the difficulties.

BOY OF FOURTEEN BLAMED FOR DEATH

Hamilton, Ont., Aug. 12.—The coroner's jury which inquired into the death of Eddie D. Fonger, aged eight, in Hamilton Bay on August 6, returned a verdict last night holding William Urkowitz, fourteen, responsible for the boy's death. The jury found Fonger's death was due to shock, the result of being struck over the head with an iron in the hands of Urkowitz. The latter, who was held by the police after the death and later was released, again was taken into custody last night.

Evidence was given that the Fonger boy went down in shallow water. He tried to catch hold of a rowboat in which Urkowitz and Joseph Wilcocks were rowing, and was testified. The latter stated Urkowitz struck the Fonger lad over the head with an iron when he tried to climb into the boat and that after he had gone down, instead of trying to rescue him, Urkowitz rowed away.

FARMERS COME TO CANADA FROM U.S.

Figures Given Out at Ottawa Indicate Steady Movement

Ottawa, Aug. 12.—Immigration of actual farm settlers from the United States to Canada continues actively, according to information given out by the Department of Immigration and Colonization to-day. In the months of June and July the Canadian Government agent at Fargo, N.D., recorded the movement to Canada of 354 United States settlers. These farmers, accompanied by their wives and families, represent a population of 541, an increase of forty-nine per cent. over the same period a year ago. They brought with them cash and effects valued at \$1,381,750.

MINERS ENTOMBED WEEK ARE RESCUED

Five Men Taken Out of Pit in Kentucky; One Had Pneumonia

Salem, Ky., Aug. 12.—All five miners who were imprisoned by a cave-in in the Hudson mine here last Thursday were brought to the surface alive this morning.

Handolph Cobb was the first man to reach the top of the shaft. He called to the crowd, which waited anxiously: "Hello, there, boys, I'm not sick."

Roy James, for whom little hope had been held, as he had been separated from the other miners when the cave-in occurred, was the next to appear.

George Castiller was the third. He was delirious and in a critical condition as the result of pneumonia.

U. B. Wilson was the fourth man and Harry Watson the last man to appear. Watson was in a hilarious mood. He called: "Where's my horse? I want to ride him home."

The miners were greeted with cheers when they appeared. The dense throng on the mine property pressed forward, and it was necessary to detail troops to restrain the crowds.

ALWAYS HOPED The miners said that during the long vigil underground they had never given up hope of rescue, nor had anyone of them become downcast.

They had four matches between them. These they carefully conserved. By burning miners' lamps, they had, one at a time, they were enabled to have light for a long time. Finally darkness fell. Then they lost all sense of time, they said, and waited through the long black hours.

James, the miners said, was the hero of the disaster. Instead of attempting to escape when the cave-in occurred, he went back to warn the other four men of the calamity.

The men were apparently suffering from weakness and lack of food with the exception of Castiller.

Germany Observes Constitution Day

Berlin, Aug. 12.—Speaking at the Constitution Day exercises in the Reichstag yesterday Chancellor Marx said it was a good omen for Germany's future that despite political differences among the German people, the conviction was growing that the Weimar republican constitution was a platform whereon the building of the fatherland alone could achieve success. Chancellor Marx concluded by calling for cheers for the "beloved German fatherland and German nation united in a republic." All present joined in the cheers.

The day was observed as Constitution Day throughout Germany. It marked the seventh anniversary of the adoption of the republican constitution.

Two Men Killed In a Gang Fight In City of Detroit

Detroit, Aug. 12.—Two men were shot and killed and three persons wounded, one of them a woman, in a pistol fight in a downtown cafe here early to-day. Joe Gustella, thirty, and an unidentified Italian were killed, and Miss Marian Lebel, twenty-two, Louis Rosa, forty, and Marston Milton, thirty-two, were seriously wounded. Two automobile loads of men drove up to the cafe and, entering, immediately opened fire on the four men, who were seated at a table, according to information given the police.

Miss Lebel is believed to have been struck by a stray bullet. The gunmen fled after the shooting, which police attribute to a gang feud.

MAN CHARGED WITH ATTEMPTING MURDER

Wife and Stepdaughter of Toronto Armenian Are in Hospital

Toronto, Aug. 12.—George Strobel, an Armenian, who is alleged to have attacked his wife, aged fifty-one, and stepdaughter, Miss Nora Jones, aged twenty-five, at their home here yesterday, last night walked into a police station and gave himself up. He was placed under arrest on a charge of attempted murder and held without bail.

Hospital authorities stated to-day Miss Jones was still unconscious and that little hope was held out for her recovery.

Mrs. Strobel has regained consciousness, and while her condition is critical, it is expected she will recover.

Police state a quarrel over an automobile, and while the attacks, in which both women had their skulls fractured and received other injuries. They quarrelled over what kind of car to buy.

FOUND UNCONSCIOUS The older woman was found unconscious in an upstairs room, while Miss Jones was discovered in the cellar of the house, evidently having been thrown down stairs by her assailant.

"My father is like a raving maniac. Come down stairs. Get a policeman, quick," was the cry, as Miss Jones just before the assault, according to a boarder in the Strobel house. She had banged on the door of the boarder's room, shouted these words, and then dashed down stairs. Half an hour later the police found Miss Jones and her mother lying with their heads battered.

Mrs. Strobel had operated a rooming and boarding-house for several years. Her daughter helped her with the housework, while her son Sidney attended school. George Strobel is her second husband.

ARCHAEOLOGICAL FINDS IN GREECE

Excavations on Site of Ancient Peloponnesian City Bring Rich Results

Stockholm, Aug. 12.—A royal Greek tomb, said to rival in splendor that of the Egyptian King Tutankhamen, has been unearthed near the ancient city of Asine, on the southern shore of the Peloponnesian peninsula, Greece, by a Swedish archaeological expedition. Crown Prince Gustav Adolf, who is a member of the expedition, personally participated in the excavation.

Preliminary reports published here said the discovery during the fourth annual dig, now about to close, have been greater than those of all the previous ones combined. They include masses of material, including new light on Greek life as far back as 3,000 years before the Christian era. Vases and ornaments in great quantities have been found.

Some of the underground plumbing was found to be in such good condition that it could be used to-day. Otto Erybin, head of the expedition, reports.

London, Aug. 12.—Reuter's says the joint note from Yugoslavia, Rumania and Greece, delivered in Sofia yesterday, was not of sensational character. It merely requested the Bulgarian Government to exert its influence to suppress the unlawful activities of the Macedonian revolutionary committee and to prevent, as far as possible, border incursions by irregular raiders.

Liquor Found in Auto; Men Arrested

Windsor, Ont., Aug. 12.—More than 300 quarts of choice imported liquors, including French brandies and champagnes, were seized yesterday by provincial constables at a local garage.

The garage owner and another man had just arrived from Montreal, the police said, when the officers stepped into the garage. Packed around the engine and in several secret compartments of the big car were champagne, brandy and other liquors and wines. The two men were arrested.

Negro Lynched by Arkansas Crowd

Lewisville, Ark., Aug. 11.—Judge Powell, negro slayer of Deputy Sheriff Jamie Dooley, late yesterday was taken from two deputy sheriffs and his body riddled with bullets by a mob of 500 men, most of whom had formed parts of posses hunting the negro.

Chemainus

Chemainus, Aug. 12.—P. W. Ankettell Jones, who has been in England for the last few months on account of the illness of his brother, M. Jones, has returned home to Chemainus.

The many Victoria friends of Mr. and Mrs. Dallas Skillen will be interested to hear they have a daughter born on Sunday at Chemainus hospital.

Miss Grant, who has been the guest of her brother-in-law and sister, Mr. and Mrs. Craig, for the past few months, has left for her home in Winnipeg. En route she will visit with the Rev. Dr. and Mrs. Henderson, Vancouver, and Mr. and Mrs. R. Henderson, New Westminster.

Master Floyd Bonde, who spent Sunday with his brother-in-law and sister, Mr. and Mrs. G. P. Cook, at Genoa Bay, had the luck to catch a thirty-five-pound salmon.

Miss Martha McBride, of Tacoma, who has been staying with her mother for several weeks, is now visiting in Vancouver.

Mrs. Basil Spurling and Miss Dora Spurling have returned from the Capital City, where they have been holidaying.

Mrs. Beattie and Horace Beattie, of Powell River, Miss Clement, Mr. and Mrs. Corbie and Miss Hilda Corbie, of Sonoma, have been guests of Mrs. Buckmaster.

300 MEN FIGHTING B.C. FOREST FIRE

Effort to Confine Outbreak to Logged-off Land Near Port Haney

Port Haney, B.C., Aug. 12.—Three hundred men are fighting a fire which has been burning in logged-off lands north of here since Monday and which has swept over an area of more than ten square miles, according to reports received here this morning. Although the heat is said to be so intense that no accurate estimate of the damage can be made, it is known much green timber has been burned, as well as wooden bridges, seven donkey engines and other logging equipment.

CAUSE UNKNOWN The fire broke out Monday night, about five miles from the Abernethy-Lougheed Logging Company's camp No. 4, and as operations are discontinued after noon at each day and no one except patrolmen are in the area, its origin is unknown.

Four miles of fire guard has been cut, in an effort to bring the fire under control, and it is thought it will be possible to keep the blaze confined to the logged-over area. Pumps and hose are being used, water being available from Alouette Lake.

Parachute Failed To Open; Airmen Dashed to Death

Dayton, O., Aug. 12.—The brilliant career of a United States army air ace, Lt. Col. E. H. Barkdale, who was credited with having bailed half a dozen aeroplanes during the World War, was ended at McCook Field here yesterday when he jumped from his plane and his parachute failed to open. He was instantly killed.

BULGARIA ASKED TO END ACTIVITIES OF BORDER RAIDERS

Sofia, Aug. 12.—A collective note, requesting the Bulgarian authorities to take severe measures to stop the activities of Bulgarian bandits or irregulars, was presented to Foreign Minister Bouroff yesterday by the diplomatic representatives of Bulgaria's neighbors, Yugoslavia, Rumania and Greece. The tone of the note was much more moderate than had been anticipated. The representatives of the three countries, while stressing the desire of their governments to live on good terms with Bulgaria, called the latter's attention to the necessity of bringing to a definite end the activities of the bandits, which have caused unrest for some time along the border.

The three countries asked Bulgaria to order the frontier authorities to fulfill their obligations, not only for the sake of good neighborly relations, but also in accordance with existing conventions for suppression of the border. Bulgaria was asked to take most severe measures in order to render impossible in the future activities of all revolutionary organizations.

Foreign Minister Bouroff, replying verbally to the diplomats, said he would hand a written report of the text of the note which was submitted to his Government.

London, Aug. 12.—Reuter's says the joint note from Yugoslavia, Rumania and Greece, delivered in Sofia yesterday, was not of sensational character. It merely requested the Bulgarian Government to exert its influence to suppress the unlawful activities of the Macedonian revolutionary committee and to prevent, as far as possible, border incursions by irregular raiders.

Foreign Minister Bouroff, replying verbally to the diplomats, said he would hand a written report of the text of the note which was submitted to his Government.

British Scientists To Meet in 1929 In South Africa

London, Aug. 12.—The British Association for the Advancement of Science is to hold its 129th meeting in South Africa. This decision was made at the closing session of this year's meeting here yesterday.

Sir Oliver Lodge, thanking the Prince of Wales at the close of the meeting, said the Prince's presence had made the gathering a memorable one.

"I have reason to think the prince gave the preparation of his address as president of the association a good deal of thought and care," said Sir Oliver. "It is not altogether a secret that his distinguished family chafed him and suggested he might make a mess of it. We all agree he did not make a mess of it."

AGED MAN HURT IN PLANE ACCIDENT

Brockville, Ont., Aug. 12.—When an airplane in which he was a passenger struck a tree and crashed to the ground at Alexandria Bay, New

York, yesterday, George Jarvis, seventy-four, who lives five miles west of here at Lyn, Leeds County, was seriously injured. He passed a good night, however, and his condition is much more favorable to-day. The aeroplane was making a tour of the Thousand Islands with Jarvis and a small boy as passengers. The lad escaped with slight bruises.

Your Baby and Mine

By MYRTLE MEYER ELDRED

THE BABY WHO NEEDS MORE FOOD

Here are phrases from three typical letters: "Please tell me why my baby, who has always been a good sleeper, now wakes three and four times at night and wants to nurse, though he has not been nursing at night for months? He is seven months old." "The baby used to go four hours without a feeding, now he can hardly go two hours without fussing. He won't take milk but wants to nurse all the time, especially at night. He has me worn out." "My seven months old baby cries three or four hours every night and won't be satisfied until I nurse him." When one reads letters after letters along this same line, one feels sure that seven months is a turning point with most babies and what is the matter with these formerly trained babies is that they have suddenly found their ration unsatisfying and having no other way to express themselves, they wake several times and try to make up what they are lacking in the day time, by frequent night nursings. This happens too often to seven-month-old nursing babies, for it is the pure happenstance.

When you find your baby suddenly dropping his good night habits and the cause cannot be found in real illness, or the temporary discomfort of an erupting tooth, then

face the issue—that it is food and food alone that is at fault. The mother's milk is no longer nourishing enough for the growing baby and he demands more food. This extra nourishment can be in the form of cereals, night and morning, vegetable soups at noon, and perhaps some extra milk, especially at the evening nursing.

Nurse the baby regularly as before, but give him some diluted milk after the nursing and satisfy his appetite. Then he will go back to sleeping all night through again.

LEAFLETS YOU MAY HAVE

For speediest service, mothers should take advantage of the leaflet service offered through this department. The answer to almost any ordinary question has been anticipated and included in the following list of leaflets. Any one or more may be had by sending a stamped envelope, containing name and full address of the reader. It is wise when asking for more than one leaflet to send an envelope large enough to hold them. The leaflets are not large, but it is better to send a full sized envelope always.

You may have leaflets on the following subjects: Prenatal care and diet for the nursing mother—Constipation—Feeding and weaning, covering periods from seven months to three years of age. Teething, hiccupping, dirt eating, gastric colic, hives, vomiting, lime water, worms, orange juice, cod liver oil, henna and refractory children, and teething, sleeping, thumb-sucking, ammoniacal urine, bed-wetting, sitting and walking, training in cleanly habits, periods of nursing.

FIRST BRENTWOOD GALA IS SUCCESS

Happy Throng Enjoys Regatta and Swimming Programme Yesterday

Brentwood, Aug. 12.—An event which has been eagerly looked forward to by both young and old was the regatta and swimming gala held yesterday afternoon at Brentwood Bay.

Ideal weather prevailed and campers and residents of the district turned out in full force.

It was an enthusiastic crowd that lined the shore and filled the boats and canoes to cheer the contestants on to victory.

The officials of the day, under the guidance of the presiding officer, G. C. Grant, deserve great credit for the capable manner in which the programme of sports were run off.

Starting at 3 o'clock, each event was run through in good order. The announcer kept the large crowd fully informed as to the winners of each event.

Although this was the first regatta to be held here, there was a splendid prize list and all the races were keenly contested.

Canoe-titling and the greasy pole caused much amusement, the loss of the ham in the latter event calling forth the efforts of many divers who were unable to locate it. So a buoy was substituted and Jimmy Brown finally succeeded in carrying it off.

Winners of the various events were:

SWIMMING
 Girls, nine years and under, 25 yards—1, Joan Hall; 2, Joyce Gossin.
 Boys, 9 years and under, 25 yards—1, John MacLean; 2, J. Ruth.

MENUS FOR THE FAMILY
 By SISTER MARY

Breakfast—Cereal, cereal, thin cream, spinach with poached eggs on toast, crisp toast, milk, coffee.

Luncheon—A. Asparagus soufflé, white, wheat bread, tomato salad, orange cream pudding, milk, tea.

Dinner—Broiled lamb chops, steamed and buttered rice, new peas in cream, potato bread, raspberry sauce, milk, coffee.

A dish of stewed prunes or glass of orange juice should be provided for children under six years of age in place of the cherries suggested for breakfast.

ORANGE CREAM PUDDING
 One egg, 4 tablespoons sugar, 2 tablespoons flour, 1/2 cup water, 1 cup orange juice, few grains salt, 1/2 cup whipping cream, 3 tablespoons powdered sugar, 1 whole orange.

Heat water and orange juice in a tin of double boiler over hot water. Beat white of egg until stiff. Add yolk of egg and continue beating until stiff. Mix flour and sugar and add to beaten egg. Beat until perfectly smooth, adding a few drops of cold water to thin mixture. When the liquid begins to steam in double boiler, gradually add egg mixture, beating constantly. When mixture thickens, remove from heat and beat until cool. Arrange sections of orange removed from rind and freed from skin in a serving dish. Pour over cream and whip. Sprinkle with powdered sugar.

The salt is added to the flour and sugar mixture.

JORDAN RIVER DAM VISITED BY SERVICE CLUB EXECUTIVES

Hydro-electric Development of B.C.E.R. Proves Revelation

Executive members of the Kuntuka, Gyro and 100 Per Cent clubs visited Jordan River yesterday at the invitation of the B.C. Electric Railway Company and viewed the hydro-electric development which the company has been carrying out. This is the third party of citizens whom the company has invited to see its plant.

To the majority of the visitors the undertaking proved a revelation, showing the magnitude of the operations needed to supply the district with the energy incidental to the running of street cars, operation of industrial plants, street and domestic lighting, and the manifold electric irons, washers, toasters and other devices used by the housewife.

The visitors were first shown over the powerhouse at Jordan River with its equipment of two 6,000 horse-power and one 13,500 horse-power hydro-electric units. A. T. Goward, vice-president; G. M. Tripp, general superintendent; E. N. Horsey, engineer; and Mr. Walker, superintendent of the power plant, and T. H. Myers, publicity representative, acted as guides and explained the operation of the units to the interested group.

Luncheon was the next item on the programme and the visitors enjoyed the company's excellent hospitality in the comfortable and commodious clubhouses maintained by the company for their employees at the power station.

The trip to the Forebay reservoir was made by automobile, and from that point the visitors were conveyed by observation car over a standard equipped railway for five miles through magnificent scenery to the Jordan River dam. This railway follows the flume on which reconstruction work is now being started.

Cement trestles have been constructed across Alligator Creek, and the bents under the flume are being replaced. Some idea of the magnitude of this undertaking may be gauged from the fact that about two years will be required for the reconstruction of the five-mile flume.

The Jordan River diversion dam, which is the highest in Canada, is a wonderful piece of engineering. Considerable work has been done in constructing the forms for the spillway extension and concrete will be poured soon. The dam is 128 feet high and 840 feet long, and impounds equivalent to 18,000,000 kilowatt-hours of electrical energy. The structure contains 23,000 yards of concrete and 450 tons of reinforcing steel, while the spillway is 500 feet long.

Another interesting development at the dam is the sawmill, which has been in operation for about two months. All the lumber necessary to construction work in the flume and dam is prepared in this splendidly-equipped sawmill.

After the return journey of five miles along the flume railway the visitors were again taken to the company's bungalow, where the company and its officials were cordially thanked for the opportunity afforded of visiting the development and for their generous hospitality.

The members of the visiting party were as follows: Kuntuka Club—Miss M. Anna Wiley, Miss Kate McLaren, Miss Kate Brown, Mrs. H. P. Hodges, Mrs. H. U. Knight, Miss J. Shaw, Miss L. Bowron and Miss Alma Russell.

One Hundred Per Cent Club—F. L. Honnor, G. L. McFarland, F. C. Holden, W. A. Willis, L. D. Chetnam and Major P. T. Stern.

Gyro Club—H. L. Butters, Alderman Mrs. W. G. Hudson, S. Chiswick, A. Kent, R. Manser, W. A. Cameron, E. V. Finland, Dr. B. C. Mers and Q. M. Prentice.

Sketch Club Met—The Sketch Club of the Island Arts and Crafts met at Beacon Hill Park yesterday for their weekly sketching. On Tuesday next at 2.15 all members are requested to meet promptly at the end of the Oak Bay car line for an afternoon's work at Oak Bay.

A miscellaneous shower was held at the home of Mrs. Frank Evans, 2920 Blackwood Street, on Wednesday, August 11, for Miss Beatrice Carlow, whose wedding takes place shortly. The many useful gifts were presented by two little attendants, Miss Doris Aaronson and Miss Ethel son, Miss Ethel Parsons, Mrs. Carter, Mrs. Coleman and little Mary Coleman. Mrs. D. Gay and little Mary Gay, Mrs. W. M. Telford, Mrs. E. Deaville, Mrs. H. B. Hedden, Mrs. W. T. Parke, Mrs. W. Kyle, Mrs. A. Eden, Mrs. Stanley Eden, Mrs. E. Lee, Mrs. Robinson, Mr. and Mrs. Waltham, Mr. and Mrs. G. Deaville, Mrs. T. H. Parsons and Mrs. Frank Evans.

WHY SUFFER FROM RHEUMATISM

"Fruit-a-tives" Have Helped Thousands

MRS. DAVISON

If you are made miserable by this painful disease, read this encouraging letter from Mrs. Louis Davison of Eau Claire, Ont.

"Some years ago, I had a severe attack of Rheumatism. I tried many remedies, but received little benefit. A few months ago, I saw an advertisement of 'Fruit-a-tives' and decided to try them. After taking four boxes, I am now able to do all my own work besides putting in a large garden. I take great pleasure in recommending 'Fruit-a-tives' to anyone suffering from Rheumatism. 'Fruit-a-tives' is a genuine fruit medicine, made from fruit juices intensified and combined with tonics. It frees the system of poisonous waste matters and purifies the blood stream.

Try 'Fruit-a-tives' yourself and let them restore you to health and vigor. 25c and 50c. a box—at all dealers. (Advt.)

Chicago, Aug. 12.—Alex Carrick of Scarborough, Toronto, only out-of-state survivor, ran into trouble on the greens and was eliminated to-day from the Western Junior Golf Tournament in the third round by Francis Clary of Chicago, 5 and 4. The morning matches were played in a drizzling rain and stiff wind.

DRAGGING-DOWN PAINS RELIEVED

Woman Suffered Nearly a Year. Lydia E. Pinkham's Vegetable Compound Brought Her Health

Moore Jaw, Sask.—"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound as it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house as I find a dose now and then helps me. I am willing for you to use this letter any way you see fit and I will answer letters. If I can help any other woman I'd be only too glad to try."—Mrs. ESTHER HOGGART, 712 Athabasca W., Moore Jaw, Saskatchewan.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women.

NEWS IN BRIEF

F. Norris, charged with driving to the danger on the Gorge Road, was fined \$15 in the city police court this morning by Magistrate Jay. He pleaded not guilty.

In support of the candidature of C. H. O'Halloran and to discuss election matters, members of Ward Two Socialist Liberal Association will meet at 8 o'clock on Friday evening at Tolmie School.

Telephone connections from Cobble Hill to Cowichan Station will soon be completed, according to an announcement made at the B.C. Telephone Company's headquarters. The subscribers in the district will be connected with the Cobble Hill Exchange.

Through the courtesy of Lester Patrick the inmates of the Aired Women's Home and the Protestant Orphanage were enabled to hear the Coldstream Guards Band at the Arena on Monday night. Joseph North who conducted the party, extends thanks to Mr. Patrick and also to H. B. Olsen of the Empire Taxi Company for transportation to and from the Arena.

NEW B.C. HIGHWAY
FEATURES ARE SHOWN

Provincial Government Shows Views of Magnificent New Scenic Route

A series of very fine films and illustrated maps depicting the new inter-provincial highway and various connections with the interior of British Columbia were privately shown at the Capitol Theatre this morning before a representative group of Victoria business men. The Provincial Government arranging the production.

The pictures showing extraordinary good, showing not only the excellence of the road construction and the adequate protection afforded the roadways along the Fraser canyon and at other precipitous points, but also clearly depicted the magnificence of the scenery traversed by the highway.

While the Government has not yet finished the series of pictures, sufficient have been shown this morning to indicate that the Province is destined to have the finest network of scenic roads in the world. The hope was expressed that the pictures would be shown to the public at the attractions of British Columbia.

Attorney-General Manson was in charge of the proceedings and explained the nature of the films.

HATLEY PARK FETE
AIDED SOLARIUM

Big Crowd Visited Beautiful Gardens Yesterday; W.I. Auspices

Upwards of 500 people visited Hatley Park yesterday when the grounds were thrown open to the public under the auspices of the Colwood Women's Institute in aid of the Queen Alexandra Solarium. The visitors included many tourists, and it was particularly noted that the majority of touring cars were from California.

The grounds, always beautiful, are particularly lovely at this time of the year when the flowers are at their height and the trees are in full bloom.

The arrangements for providing afternoon tea for the large number of visitors were in the hands of Mrs. Harry Parker and a committee composed of Mesdames Murray, Spencer, Brown, Forman, Percy, Macleod, and others.

Marion Kelly, president of the institute who, ex-officio, was busy in the interests and comfort of the visitors.

The Knox Presbyterian Church is giving its annual Sunday school picnic on the Sooke River flats. The Ladies' Aid will combine with them to make it a success. Tea will be served on the grounds.

Christian Healing Mission Held Here

A large congregation occupied the church last night when M. H. Hickson gave the first address of his mission in the city. Mr. Hickson's mission is for the revival of the Christian Church for many centuries, although there may have been notable exceptions.

His address was convincing. Mr. Hickson pointed out that the world today is in crying need of the full redemptive ministry of the Christian Church. Christ came to set free all who are in darkness of sin and suffering. He looks to His disciples to put forth once again His arm to raise the fallen, to bind up the broken-hearted, to bring pardon to the sinner, peace to the distressed world, and to heal the sick and suffering. The Christian Healing Mission seeks to point all to Jesus Christ as the Healing Saviour.

OBITUARY

The funeral of the late George Wilkinson, chief inspector of mines for British Columbia, will be held on Saturday afternoon from the Metropolitan United Church at 3 o'clock. Dr. W. J. Sippell will conduct the service. The service at the graveside will be taken by Lodge No. 1 A.P. & A.M. The remains will be laid to rest in Rose Bay Cemetery.

LOCAL MAN SHOT
TO DEATH WHEN
BREAKING JAIL

Guards at Oakalla Killed Wm. Brewster, Born in This City

Vancouver, Aug. 12.—In an attempt to escape from the Oakalla prison farm shortly before 4 p.m. yesterday, William Brewster, alias Marsden, was shot and fatally wounded by guards. He died in the Vancouver General Hospital less than an hour later.

Brewster, with other prisoners, was marching back to the prison building from work in the fields when he was shot. He was carrying a year for breaking and entering, dashed towards the woods on the edge of Deer Lake.

Repeated commands to halt were given by guards, but the orders were not obeyed.

The guards found the bullet had entered Brewster's back just above the right hip.

Medical aid was summoned and the wounded man was removed to the hospital, where death occurred at 4:45 p.m. The body was removed to the city morgue, where an inquest will be held.

Brewster was a widow, who left Monday for Victoria, where his mother is living and where he was born.

Arguments used by Mr. Maclean on behalf of the city and by Mr. Taylor on behalf of Mr. Bell were almost identical to those advanced on the occasion of the first appearance of counsel before the neutral engineer last week.

For the city, Mr. Maclean argued that the waterworks contract dispute had been in the hands of the city's last accounting over ten years ago, and challenged the right of Mr. Bell to move a hand in the matter.

Mr. Taylor, for the neutral engineer, contended that the dispute was a matter of contract, and that the city's last accounting was a matter of fact, and that the city's last accounting was a matter of fact, and that the city's last accounting was a matter of fact.

Spokane Delegates to Parks Convention Delighted With Review by Local Officers

Victoria boulevards were an outstanding feature of the Spokane convention of the International Association of Park Commissioners of the Pacific Coast, just closed, according to the city's delegates, who returned today well pleased with the conference.

Alderman E. S. Woodward, John Baxter and T. R. Purdy, who represented Victoria at the sessions, all referred to the close and attentive hearing which accorded their explanation of the boulevard system here.

Of special interest to the convention delegates was Victoria's system of financing the cost of the boulevard upkeep.

When they were leaving Spokane the delegates had promised to extend visits in the near future from the park commissioners of Spokane, Los Angeles and other centers, all of which were greatly taken with the Victoria method of boulevard upkeep and financing.

J. W. Duncan, president of the association, told upwards of 1,000 delegates assembled at the convention, of his visit to this city and endorsed to the full what the city's representatives had said. Thoroughly delighted with their trip, and with the praise of the city which is still ringing in their ears, the Victoria delegates arrived home today. They will report to the council at the next regular session.

The 1927 convention of the association will be held at Vancouver. Commissioner Shelly winning united support for his invitation from the mainland city.

SUICIDE IS JURY
VERDICT OF CASE

Mrs. Muriel Birchfield Jumped From Fire Escape to Death

Mrs. Muriel Birchfield, who jumped from a fire escape near here on Tuesday, committed suicide while temporarily mentally deranged, according to the coroner's jury which sat yesterday afternoon to consider the case at the B.C. Coroner's Court. The evidence was quite clear. Coroner E. C. Hafford, after hearing the details of the matter, and the jury's deliberation was brief.

Mrs. Birchfield, an American woman, who had been suffering from a nervous ailment for some time, had had her husband on Tuesday with a nurse and other inmates of the hospital.

After her meal she was taken to her room, when she deliberately climbed out of the window, clambered over the fire escape and jumped to the ground below. She was instantly killed.

Norton Defeated
By W. T. Tilden

Rye, N.Y., Aug. 12.—William T. Tilden advanced to the final round of the Southern New York State tennis tournament at the Westchester-Baltimore Open today by defeating Brian L. C. Norton of San Antonio in a spectacular semi-final match 6-1 and 6-2.

In the first round Norton had defeated a semi-final ranking by defeating Cranston Holman, Leland Stanford star, 6-2 and 7-5.

Mary K. Brown of Santa Monica, Cal., worked her way into the final round in the state women's tennis championship by defeating Mrs. Clifford Lockhart of New Canada, Conn., state champion, 6-1 and 6-1, in a semi-final round match.

GAINES TRIAL IN
SEATTLE TO GO OVER
INTO NEXT WEEK

Seattle, Aug. 12.—Prediction that the state will rest by Saturday noon in the trial of Wallace Gaines Clancy for first degree murder was here today as testimony concerning the trial of the twenty-two-year-old slayer, followed by the jury under a reversed ruling of the court.

The state having put in evidence of quarrels between the father and son, Judge Jones yesterday admitted everything offered as "a strange unnatural relationship" between them and leading, according to the state, to her death June 18 by beating and choking.

The court, which Tuesday barred testimony of this kind, to-day rebuffed the defence in a renewed protest against it. Sheriff Starwick and Deputy Beebe, who were home from Portland, Ore., after a hurried trip, said they had been in the important clues in the Gaines case.

DAMAGES ASKED
Vancouver, Aug. 12.—A writ was issued this morning in the Supreme Court here in an action by the Esquimalt and Nanaimo Railway Company Limited and James A. Shaw for \$5,000 damages for alleged cutting and removing of the entire south half of the riding, being received well everywhere.

ROTARIANS HEAR
OF OPPORTUNITY FOR
POTATO GROWERS

Cecil Tice Tells of Experiences in Eastern Canada

Cecil Tice, Chief Agronomist of the Provincial Department of Agriculture, this afternoon spoke to Rotarians attending the weekly luncheon at the Empress Hotel, giving a series of observations on agricultural progress in various areas of Eastern Canada and some of the States visited in the course of a recent 10,000-mile tour.

Mr. Tice gave sketches of conditions in Prince Edward Island, Colorado and California, his visit to the Maritime Provinces having followed attendance at the annual meeting of the Canadian Seed Growers' Association, of which he is director for British Columbia. He reported that the 1927 seasons will be held in British Columbia and probably some of the discussions will take place in Victoria.

He noted that fruit growers in Eastern Canada are widely practicing diversified agriculture, a policy the Provincial Department of Agriculture has been urging on British Columbia fruit growers.

When visiting Colorado Mr. Tice was interested to find that over 100,000 acres are devoted to potato production, every member of the large farm families being found at work in the fields.

In the course of his tour Mr. Tice had frequently spoken of the Rotary Club's annual seed-growing contest for school children and reported that much interest had been taken in this movement.

OPPORTUNITY CREATED
One of the major reasons for his tour had been to ascertain the latest ideas in combating the fifty diseases which afflict potatoes, and Mr. Tice found that much interest had been aroused in northern grown seed.

Growers satisfied that British Columbia certified seed are of high value are returning this year for much larger consignments. Potatoes grown in Eastern Canada are eagerly sought by United States commercial potato growers and Mr. Tice believes that British Columbia growers can enter this business with great profit, provided that a high grade is maintained and the varieties offered are of the type required by United States consumers.

"There is a great and profitable field ahead of British Columbia farmers in the seed potato business," asserted Mr. Tice.

Thomas Meek of Vancouver burst into the famous Victoria Rotary orchestra, which is not playing during the holiday season, and followed with a series of highly amusing imitations.

KING ARRIVES HERE
TO SPEAK TO-NIGHT

(Continued from page 1)

OLD TACTICS FAIL
"It is impossible for our political opponents to fool the people as they did last Fall with the blue ruin cry. The people know the country is prosperous. They know the Meighen prediction of trade stagnation so widely was wrong. Last Fall they proved false."

"So, of course, they must find something else as a substitute. It is very difficult for the foes of Liberalism to explain away the substantial benefits to all classes under the Robb budget. Every household has some tangible evidence of the advantages conferred by the policy set forth there."

TRADE INCREASES
"What is true of British Columbia is true of the whole country. The masses are more prosperous; and trade, both domestic and foreign, is improving enormously. It is very difficult for the foes of the late Government to counteract this influence by mere words, predictions and insinuations. Those factories that were to be closed as a result of tariff leveling are employing more men than ever before. They are selling more goods because the reduction in taxes has left more money in the hands of the people with which to buy things. Many of those factories which were closing and their employees moving to the United States are building additions to their plants and are seeking more skilled and unskilled workmen."

"The record of trade improvement is shown in the trade balance, where the exports exceed the imports by nearly \$250,000,000. Canadian manufacturers are finding new markets abroad."

"When I spoke in Vancouver less than a year ago the Government's foes were attempting to discredit the Government because of the Australian Trade Treaty, which admitted butter from our sister dominion free in exchange for trade advantages, but to-day in British Columbia alone the value of the products sent from this Province to Australia as a result of this treaty exceed ten times the value of the imports from that country."

"You will not hear so much from Mr. Meighen's followers about the Australian treaty," said Mr. King. "In this campaign they know the people know better. Their prediction of agricultural disaster and industrial stagnation have proved false. It would be ridiculous to repeat them."

PREDICTS B.C. GAINS
Dr. King today forecast Liberal gains in West Kootenay and Cariboo in the former district, where R. H. Gale has succeeded to the request of the Liberal Association that he take the nomination. Dr. King said much new blood had joined the campaign organization, and that Mr. Gale, with characteristic energy had, since Sunday, covered almost the entire southern half of the riding, being received well everywhere.

NEIGHEN COMING
Mr. Hon. Arthur Meighen, Conservative leader, will arrive here next Tuesday after motoring down the Island from the Comox-Alberni riding. He will speak from the steps of the Parliament Buildings at 12:15 and leave on the afternoon boat for Vancouver immediately afterwards.

A band was in attendance, officers of city and district Liberal associations and several thousand of the rank and file of Liberalism throughout the city. Mr. King was heartily cheered when he appeared on the dock.

B.C. INDIANS CAUGHT
THREE ELEPHANTS

(Continued from page 1)

It was due to the sagacity of an old squaw that the first three elephants were caught. Coming unexpectedly upon the big beasts the day they had escaped, a group of Indians had little fear of the animals, and on several occasions they had been being handled by trainers at the circus. The squaw approached one of the elephants with an offering of apples, which was accepted with alacrity. More apples were brought, and finally the old kitchman used her shawl to tether the front feet together. Then, mounting an old buckboard, the Indians drove into town to report their find and claim the reward. Circus men sped at once to the spot and captured the elephant, which was followed into town by two others. They were just about to be loaded in freight cars when the circus hands set up a cheer of jubilation, whereupon one of the elephants again bolted.

"TUMBLEWEEDS" AT COLUMBIA; HART IN STRONG DEMAND

It is doubtful if there is another star of the screen world who is more sought after for various functions, benefits and the like than William S. Hart, whose screen production, "Tumbleweeds," for United Artists comes to the Columbia Theatre to-day, Friday and Saturday.

Much as he might wish to grant all the demands made upon him for appearances in public, his work is such that he can seldom accede to the requests.

Rodeos or similar western affairs are always eager to have Bill Hart present, naturally enough, but it takes time to travel about and when he is making pictures or writing, he cannot spare the time.

So he has to say "no," often regretfully, to about ninety-nine per cent of the requests that he be present at this or that function.

One memorable breach of what is almost a rule, was when he made a tour of the country on three different Liberty Loan drives during the war and the results were decidedly pleasing to the Government for he amassed a great sum. It was hard work, however, and for weeks, Bill never had a chance to put on a picture other than his cowboy rigout.

"Tumbleweeds" is said to be the best picture to date and will be awaited with interest by his many admirers here.

COLISEUM SHOW**

Ed. Redmond's presentation of "Stop Thief" at the Coliseum this week is breaking all attendance records. Sparkling with wit and humor and featuring many side-splitting situations and complications, the fun never lets up for a moment.

While the enlarged cast of seventeen players, without exception, handle their parts splendidly, outstandingly brilliant is the work of Ed. Redmond as the forgetful old professor; George Olsen as Jack Doogan, a crook; Ruth Hamilton as housemaid; and—accidental—of course, Jack Cassidy as the bridegroom.

Aileen Pringle, film star, holds the distinction of being the daughter of one of San Francisco's richest men and the wife of one of the world's largest landholders. Her father was George W. Bixbee, president of the Pioneer Fruit Company of San Francisco. Her husband is Sir Charles M. Pringle, son of Sir John Pringle, former governor of Jamaica.

And—Miss Pringle—with all her wealth and social standing, prefers to work in pictures. She will be seen this week, as a co-featured player with Ben Lyon in the new Robert Kane picture for First National, "The Great Deception," now showing at the Capitol Theatre.

**FAIRBANKS OUTDOES
SELF AS PIRATE IN
FILM ADVENTURE**

Douglas Fairbanks has long been noted for his lavish and ambitious picture productions, but in "The Black Pirate," now at the Dominion Theatre, he is reported as fairly having outdone his former efforts. It is a faithful, thrilling epic of the golden days of buccaneering near the end of the eighteenth century, and depicts vividly and colorfully the hectic life of the dare-devil rovers of the Spanish Main during that era. In every way it is the most stupendous production that Doug has ever attempted, and from end to end it is filled with the unique athletic feats that place a Fairbanks picture in a class by itself; in fact, the "Black Pirate" the star has thought up a number of new stunts that are as thrilling as they are novel.

The entire picture has been filmed in a remarkable new color process known as Technicolor, that reproduces with exactitude every tint, shade and hue of nature itself. Technicolor is entirely natural, minus all exaggeration, and restful to the eyes. The cast supporting Fairbanks as usual is a notable one. The leading lady is the lovely Billie Dove. Hundreds and hundreds of blood-thirsty pirates appear during the action, and the leaders—each well-known—were actors as Donald Crisp, Sam de Grasse, Anders Randolph, Charles Stevens, E. J. Ratcliffe, Charles Belcher, Roy Coulson and John W. Lane.

"The Black Pirate" was directed by Albert Parker, who has served in a similar capacity with several other Fairbanks pictures. Dwight Franklin, the noted artist, whose specialty is the depicting of pirate life, acted as consultant during the filming of the production. Doug himself has devised, arranged and staged an elaborate prologue that will introduce the picture.

**BARTHELMSS IN
ROLE OF PRINCE
IN "JUST SUPPOSE"**

In "Just Suppose," the inspiration picture released through First National, which is being shown at the Playhouse Theatre all week, Richard Barthelmess plays the part of a dashing young Prince who visits America and, of course, moves in the most select social circles. In filming this picture, every effort was made to secure an absolutely authentic atmosphere both in the settings and in types of players used in the supporting roles.

Lola Moran has the leading feminine role in support of Barthelmess. Others in the cast include Geoffrey Kerr, Henry Vibart, Harry Short, Blouin Fernandez and Prince Rokodine, who will make his initial bow in this photoplay.

**WAR THRILLS IN
AIR, ON LAND AND
UNDER THE WATER**

"The Great Deception," now playing at the Capitol Theatre, is a secret service story with the World War for a background. It is from the novel by George Gibbs called, "The Yellow Dove."

The conflict from which the drama

comes is between representatives of the British and German secret service bureaus as played by Ben Lyon and Basil Rathbone respectively. These two men oppose each other because of their loyalty to the antagonistic causes which they represent and are thrown farther apart because of their mutual admiration for the same girl, a wealthy and daring young American as represented by Aileen Pringle.

"As a man thinketh in his heart, so is he."

The successful man always has faith in himself. He was faith, in his heart, in his subconscious mind. We all know of men and women who in childhood had some dream of what they would be. Their chances looked so slim, even their own families smiled in pity. But if the faith was strong enough, they always overcame every obstacle. Their people may be poor, but they won a scholarship. They could always find a job through school.

They would count all loss gain to attain their heart's desire. That is faith in the great within, faith in one's self.

Everyone does not get that inspiration in youth, but the power is latent within us all.

We are all keepers of our own lives, can all secure the faith that removes mountains. Think of faith in one's self. Talk about the things we desire.

Know the truth and the truth shall set us free. Our thoughts are building each moment of our lives. What we think we become.

W. D. Wintle says:
If you think you're beaten, you are;
If you think you dare not, you don't;
If you'd like to win, but you think you can't,
It's almost a cinch you won't;
If you think you'll lose, you're lost;
For out in the state of mind,
It's all in the state of mind.
If you think you're outclassed, you are;
You've got to think big to rise;
You've got to be sure of yourself before
You can ever win a prize.
Life's battles don't always go
To the stronger or the faster man;
But soon or late the man who wins,
Is the one who thinks he can."

Langford

An interesting meeting was held in St. Matthew's Church on Monday evening, when representatives from Lutton, Colwood and Langford attended to hear a talk on the new Victoria cathedral. The Rev. H. Pearson presided and A. R. Merrick of Victoria was the speaker. The three districts, which form one parish, decided to work together for this worthy object. Capt. F. James of Colwood was elected the chairman of the committee, the members being A. Rankin and Mr. Lutton, and Happy Valley, Mrs. H. Pearson for Colwood and Mrs. H. A. Hincks for Langford. After the foundation stone ceremony on September 3 the district will be canvassed so that everyone will have the opportunity of helping the cathedral project.

This new combination of yeast with vitamins with vegetable iron renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and supplies the system with the vitamins that build up weight.

For years yeast has been known as a rich vitamin food, but not until we perfected "Ironized yeast," which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "Iron" when combined with yeast is quite easy to digest, therefore better for the system, and "yeast" when ironized, becomes just twice as beneficial as ordinary fresh or cake yeast.

Ironized Yeast tablets are composed of concentrated food elements, therefore, they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "Ironized yeast" tablets will pick you right up, and if they fail, you get your money back.

**SPORTS WERE MAIN
FEATURE OF PICNIC**

Competition Keen For Prizes
Offered at Conservative Out-
ing at Willows

The lists of entry in the sports programme of the annual picnic of the Victoria Conservative Association, held yesterday afternoon at the Willows Beach and Park, with children in the majority, were composed of many hundreds of names and the event was all crowded with strong competition.

Field and track events, coconut shies and other attractions made the picnic enjoyable to the children and the adult attendance. The seashore attracted the great majority. Many swimmers cavorted in the water. Hundreds lolled upon the beach.

Races and athletic competitions were arranged for people of all ages. Some of the competitions had a list of entries which boasted able sprinters and athletes of local note.

The race for Conservative men of more than fifty years of age, was one of the outstanding events of the day. Michael Flannery, ninety-seven years of age, ran in this event, including a victory in the 100 yards race.

The Municipal Band, under Bandmaster J. M. Miller, played throughout the proceedings.

The tug-o-war cup, for ex-service men's clubs, provided by Major Gus Lyons, M.P.P., was won by the Canadian Legion, and the W. J. Fowler trophy, for open competition, was won by the Victoria Fire Department.

RESULTS
The results were as follows:
Boys' race, 7 years and under—1, Burgess Berry; 2, James Drysdale; 3, Hugh Reid.

**HEALTH LECTURES
AT METROPOLITAN
ARE MOST POPULAR**

The health lectures at Metropolitan Church continue to grow in popularity. Many persons are just finding out their real value. Their simplicity appeals to all classes, and yet they are so scientific that they appeal to both the scientist and the layman. They are so practical that any person may get a health education. Nervous indigestion and insomnia is the subject by Dr. J. C. Elliott tonight. Disorders of stomach and nerves is the subject to-morrow afternoon.

Dr. Sippren, the pastor of the church, has asked Dr. Elliott to give his notes, address on "The Bible, the World's Greatest Health Book" at the regular service on Sunday night, which he has consented to do.

Nervous indigestion is a combination of two of the serious problems of health and life. The problem of the conservation of nerve force and energy alone is one of the great problems under the high pressure life of the twentieth century civilization. Millions go down under shattered nerves before they reach their prime. But when we have a combination of shattered nerves, and indigestion as well, we have one of the serious problems of health and life. Indigestion will destroy all the health giving properties in the food supply, and turn wholesome food into rank poison. Nervous indigestion will poison blood, cells, muscle cells; nerve and brain cells, so that the whole system is poisoned, health is impaired, and efficiency is destroyed, and life is endangered," says the lecturer.

"Insomnia or the loss of sleep is another of the serious problems of health and life. It is impossible to have good digestion, or to maintain the nerve force and energies of the body without sound refreshing sleep. Sleep is as natural as life, when the body is in normal health. Eight hours sound refreshing sleep is necessary for the preservation of nerve force, brain power, and the highest efficiency."

**P. W. Kuo Describes
Turmoil of China**

Williamstown, Mass., Aug. 12.—Speaking at a meeting of the Institute of Politics here to-day, Dr. P. W. Kuo, director of the China Institute in America, said:

"To understand life in China, you must take a pinch of the struggle of the early church, throw in a little of the European renaissance, add some of the wild thinking and bloody events of the French Revolution, then throw in a good quantity of the spirit of the 17th and 18th century, and you have a little bit of the turmoil of China."

**Ten-Year-Old
Saanich Girl
Wins Gold Medal**

Olive Lynn, ten-year-old native daughter of Saanich, will receive from the School Board of Saanich an official letter of congratulation upon her passing into High School and thereby winning the gold medal offered by T. G. Coventry, M.P.P., for the youngest Saanich pupil successful in the recent entrance examination. Olive Lynn is a daughter of Mr. and Mrs. W. J. Lynn of Glenford Avenue.

The trustees propose that presentation of the gold medal shall take place at the school sports at the Saanich exhibition in September.

Trustees Mrs. Beckett suggested that the board record its appreciation of Miss Lynn's feat of scholarship and was enthusiastically supported.

MEIGHEN TRAVELS TO PRINCE RUPERT

On Way to B.C. Coast After Federal Election Tour of Manitoba

Brandon, Man., Aug. 12--Premier Meighen addressed a meeting here last night which closed the Manitoba part of his Federal general election campaign tour to the British Columbia coast. He left here to travel directly to Prince Rupert. On his way east, after his meetings in British Columbia, he will speak in Alberta and Saskatchewan and again in Manitoba.

The tour of Manitoba which ended last night covered four days, during which Mr. Meighen traveled some hundreds of miles by automobile in the constituencies of Provencher, Macdonald, Souris and Brandon. All of which were represented in the last Parliament by Progressives and in Portage la Prairie, which constituency Mr. Meighen represented in the last House and in which he is again a candidate.

In his speech last night Mr. Meighen said he was opposed to the statutory enactment of railway rates while there was a railway commission to handle them.

"I am not going to take any step," he proceeded, "that will result in raising the railway rates in the Maritime Provinces are put on a parity with respect to this matter with the Western Provinces."

Mr. Meighen outlined his proposal for public assistance in the shipment of basic commodities from the eastern and western to the central provinces.

Speaking of the tariff, Mr. Meighen said: "Mr. Dunning has been saying I won't talk protection in the West. Why, I have scarcely spoken on a western platform in fifteen years when I have not advocated protection."

Mr. Meighen said the Liberal Party had abandoned its whole position on the tariff and would not do anything except to get Progressive votes. He described Progressives as "walking like nice little boys behind the band wagon of the Liberal party."

He asserted he was in favor of no brick-for-brick tariff policy with the United States, except on farm products.
